

# User Adaptive Systems Research Cluster

## Paper Writing Workshop

April 2, 2023 (Sunday)

9:00am – 12:00pm MST

[Click here to join the meeting](#)

### Audience

This workshop is intended for undergraduate and graduate students who are interested in learning more about how to write an academic paper.

### Format

The workshop will consist of presentations in combination with short activities, group activities and discussions.

### Presenter

**Prof. Sabine Graf**, School of Computing and Information Systems, Athabasca University

### Agenda

In this workshop, we will talk about the following topics:

- Why write an academic paper?
- What is a journal paper, book chapter, conference paper and workshop paper?
- How to find a good journal, book, conference or workshop?
- How to search for literature?
- How to use references in your paper?
- What is plagiarism?
- How to use a formal writing style?
- How to write a paper outline?
- How to write an abstract of an academic paper?
- How to write an introduction section for an academic paper?
- How to write a literature review section for an academic paper?

- How to write a methodology section in an academic paper?
- How to present your results in an academic paper?
- How to write a discussion section in an academic paper?
- How to write a conclusion section in an academic paper?
- How to write a complete reference section in an academic paper?

## **Registration**

Please send a quick email to [sabineg@athabascau.ca](mailto:sabineg@athabascau.ca) to confirm your participation or accept the invite in Teams if you are already an UAS cluster member. Registration is not required but recommended since this way, you can be added to groups for group activities in advance.

**We look forward to your attendance!**

**If you would like to join the user adaptive systems (UAS) cluster, please send an email to Prof. Sabine Graf at [sabineg@athabascau.ca](mailto:sabineg@athabascau.ca) to get information about future workshops.**
